### **Notes to Editors:**

GFKL Lowell

The GFKL Lowell Group was created in October 2015 following the merger of German and UK market leaders GFKL and the Lowell Group. This union created one of the largest credit management companies in Europe. It benefits from the backing of global investment company Permira Funds and Ontario Teachers' Pension Plan (OTPP).

The Group's experience, expertise and core strengths in data analytics and operational efficiency underpin its vision to be the most reputable and trusted partner in the European credit management sector.

In April 2016 the Group made its first acquisition of Austrian Third Party Collections (3PC) specialist, IS Inkasso. This was followed in August and September 2016 with two further 3PC companies, German-based Apontas and Tesch.
